TECHNICAL SKILLS

- **Languages:** TypeScript, JavaScript (ES6+), Python, Java
- **Frontend:** React, React Router, Redux Toolkit, Zustand, TanStack, Shadcn, Tailwind CSS, Material UI, Bootstrap
- **Backend:** Node.js, Express.js, RESTful APIs, TypeORM, Prisma, Mongoose, JWT, Bcrypt, OAuth, Passport.js, Multer
- **Databases:** PostgreSQL, MongoDB, MySQL

EXPERIENCE

- **Durbin Technologies Pvt. Ltd.** June 2025 - Till date
Full Stack Developer Kolkata, India
 - Developed and scaled a **platform-level solution for Fleet Management Telematics and Mining Safety IoT**, integrating **Microsoft SSO, Odoo, and enterprise modules**, enabling a unified **operations platform** across business workflows.
 - Architected a **custom UI component library** using **Shadcn**, replacing third-party UI dependencies, reducing **npm size by 90%** (10GB → 500MB), improving **build stability** and long-term maintainability.
 - Standardized **UI patterns, validation, and state handling** across applications, reducing **UI-related defects by 60%** and accelerating **feature delivery by 50%** through predictable, reusable abstractions.
 - Designed a **Feature-First / Domain-First frontend architecture** with atomic UI layering, reducing **git merge conflicts by 60%**, improving **parallel development**, and cutting **project setup time by over 80%**.
- **Anderson Technology Pvt. Ltd (Andreal)** July 2024 - June 2025
Full Stack Developer Kolkata, India
 - Engineered **high-performance MERN applications**, leveraging **caching, prefetching, virtualization, pagination, and code splitting** to improve **load speed and speed index by nearly 90%**.
 - Built **modular, reusable React components** using **React Query, React Hook Form, Redux Toolkit, Tailwind, MUI, Bootstrap, CSS, etc.** optimizing **state management, UI consistency**, and accelerating **development cycles by 75%**.
 - Built **secure, efficient RESTful APIs** with **Node.js, Express.js, MongoDB, and MySQL**, implementing **JWT, OAuth, Passport.js, and Bcrypt** for authentication, **Multer** for file handling, optimizing **performance and security**.
 - Built a **Git-based CI/CD pipeline**, securing **access controls** and enabling **automated deployments, instant rollbacks, and branch previews** on **Vercel, Render, Plesk**, cutting **manual effort by 90%** and accelerating **release cycles by 85%**.

PROJECTS

- **EEPC India** Live Link
Tools: React, React Router DOM, React Query, React Hook Form, Bootstrap, Chart.js, React Data Table Component, Swiper, etc.
 - **Completely redesigned and migrated** the website from **PHP to MERN**, improving the **speed index by 93.33%** (from 9s to 0.6s), leading to an **95% enhancement in user experience**.
 - **Optimized performance** by leveraging **React Query and Axios** reducing **API call frequency by 85%**. Implemented **caching, prefetching, infinite scrolling, virtualization, pagination, code splitting and lazy loading**, improving **page load time by 97%** and enhancing **user engagement**.
 - Implemented **protected routing** with a **3-tier role-based authorization system**, utilizing **JWT** for **token-based authentication** and **HTTP-only secure cookies with expiration**, enhancing **security and dashboard usability by 80%**.
 - Developed **dynamic data table components** with advanced **searching, sorting, and pagination**, reducing **user task completion time by 80%**. Enhanced form management with **React Hook Form**, optimizing **state handling, validation, and error boundaries**.
- **VidTube (Video Streaming App)** Live Link | GitHub
Tools: React, Material UI, Axios, Rapid API, React Router, React Player, React Hooks, CSS
 - Built a **responsive video streaming application** using the **YouTube v3 API**, implementing **video and channel search, category-based filtering, personalized recommendations, and seamless media playback** to improve content discovery.

EDUCATION

- **Master of Computer Applications (MCA)** Jun 2022 - Jun 2024
Future Institute of Engineering and Management, Kolkata CGPA: 9.17/10
- **Bachelor of Computer Applications (BCA)** Dec 2021
Indira Gandhi National Open University (IGNOU) Percentage: 67%

CERTIFICATIONS

- **Industrial Training Program:** MERN Stack Development from **Ejob India** Jan 2024 - May 2024
- **The Web Developer Bootcamp 2024:** from **Udemy** May 2024 - Jul 2024

AWARDS & ACHIEVEMENTS

- **MCA Academic Excellence:** Ranked **1st** in MCA **4th** (SGPA: **9.88**) & **3rd** (SGPA: **9.08**) Semesters. Jul 2024 & Dec 2023
- **Smart India Hackathon 2023:** Selected in SIH, **Ranked 7th** among 74 teams in the Internal Hackathon. Sept 2023
- **Hacktonix:** Got selected among **Top 5** in the Inter-College Hackathon. Apr 2023
- **Intellectual Property Rights Exhibition:** Exhibited project NEMO in a **WBSCST-organized event**. Jun 2023
